View of The Chilterns from Paddington Street Gardens.
Just occasionally an opportunity comes along
that is simply too good to miss.

The Chilterns is one of those.

Location, architecture, interior design.

A development that quite simply redefines envy.
Original and breathtaking are words that spring to mind. From inception, The Chilterns is quite simply the most exciting opportunity in London.

Its location is special too. The area of Marylebone is classic London brimming with charm, character and history.

Surrounded by architecture that dates back to the Georgian period, The Chilterns stands apart not only in style and space but also in modern luxury.

Flanked by gardens, The Chilterns sits alongside the fashionable Marylebone Lane with Selfridges and Bond Street to the south and Regent’s Park just a short walk to the north. In terms of access by road, rail and air, getting in and out of London couldn’t be more convenient.

When Frogmore and Galliard (an award-winning partnership) decided to embark on this journey, we wanted to combine the very best in location, architecture, technology and design to create a living environment that is truly original, a One of One and we sincerely believe we have achieved just that.

In trying to illustrate something as unique as The Chilterns and the area of Marylebone, we felt it only fitting to use a photographer who himself is unique. David Bailey is one of the world’s most iconic and original photographers who has spent a lifetime creating images that, like The Chilterns, can only be described as One of One.

We asked Bailey to capture the Marylebone area in the form of 44 specially commissioned limited edition prints which he has developed into a wonderful book and it will be with my warmest compliments that we are giving every owner of an apartment at The Chilterns a framed original David Bailey print from the series he created for us together with the book.

I hope you enjoy it and equally, I hope you enjoy The Chilterns.

Best wishes,

Paul White,
Chairman & CEO of Frogmore
Marylebone is home to a unique part of London.

Leafy residential squares with their classic Edwardian architecture lead into London’s finest shopping destinations of Old Bond Street, South Molton Street and the vibrant hustle and bustle of Oxford Street, Regent Street, Selfridges and exclusive haute couture collections. Just around the corner there is the calm of The Wallace Collection and the charming Daunt Books.

The highly fashionable Marylebone High Street with its independent boutique shops has a charm all of its own and is neighbour to Wigmore Street and the world famous Harley Street.

Cafés, bars and Michelin Stars warmly invite you to while away the hours. And like a jewel in the crown, there is Regent’s Park. Commissioned by King George IV and designed by John Nash, it compels you to indulge in one of London’s great outdoor theatres, Queen Mary’s Gardens or to simply relax with your favourite Arthur Conan Doyle novel and Baker Street’s most famous ‘resident’, Sherlock Holmes. And why shouldn’t you?

After all, to live in Marylebone is to experience One of One.
All walking times were calculated using Walkit.com.
Living alongside London’s wonderful wide open spaces.

The Chilterns is located in a wonderfully green part of London that’s pace and personality is influenced as much by the changing seasons as it is the ebb and flow of one of the world’s most historic and characterful cities.

Paddington Street Gardens is a beautiful backdrop to The Chilterns. With its green and luscious wide open space, mature trees and manicured gardens, it is a side to London that is as surprising as it is relaxing. Just five minutes away is Regent’s Park which includes 410 acres of gardens, lakes, an open air theatre, cafés, tennis courts and the world-renowned London Zoo.

And if The Chilterns isn’t green enough, then simply turn to south east corner of Marylebone. Hyde Park connects Marylebone with Knightsbridge and is less than a 30 minute tree-lined walk to Harrods and Harvey Nichols.
All the world’s finest.
Temptingly close.

Selfridges, Cartier, Burberry, Aspreys, Sotheby’s, there are only so many hours in a day.

Galleries are aplenty and so too museums with The Wallace Collection just moments away and the National Gallery and British Museum within touching distance.

London at night is defined by the bright lights of Theatreland where the stages are graced by acting’s glitterati who tread the boards for your pleasure.

Raise the curtain on the finer things in life, then enjoy the encore.

Piccadilly Arcade.
The fine art of wining and dining
in unbridled style.

In terms of location and entertainment, The Chilterns genuinely is One of One.

Café society simply thrives along the very fashionable Marylebone High Street while any number of Michelin Star restaurants from LuLu in Pied to Texture to Trishna are within walking distance. The choice is mouthwatering.

The Chilterns, Marylebone isn’t in a part of London. It is London. A London that like The Chilterns, is quite simply a One of One.
The Chilterns.
An architectural statement
in luxury living.

The Chilterns consists of 44 luxury apartments which offer a standard of living that is second to none in the area. Each apartment provides a living space on an unprecedented scale for this classic part of London and in a style that is simply breathtaking.

The Beatles iconic ‘Apple Boutique’ was located a few yards from the site until 1968, and has inspired the design of the building’s façade. The varied vertical patterns and colours featured emulate a series of records on a shelf which give an eye-catching texture and depth to the exterior. The main bays are clad in reconstituted stone giving a sharp, clean form to the main structure while feature louvres, inspired by the eclectic record spines, are composed of coloured acrylic fins set in aluminium frames.

The highest technical specifications coupled with the finest examples of progressive interiors from world-renowned designer Rabih Hage provide a seamless blend of comfort and innovation. The building offers secure underground parking, a gym and spa facility and a concierge service which is on call 24 hours a day. Perhaps most tempting, residents of each apartment have an opportunity to own a basement wine cellar.

The Chilterns. One of One.
Private lobby gallery at The Chilterns, displaying David Bailey’s Marylebone Collection.
Rabih Hage. An award winning interior designer who embraces a more sophisticated, modern form of luxury. A luxury that is simply One of One.

The variety in the daily life of all Londoners is at the core of Rabih Hage’s inspiration for the interior designs of The Chilterns. The neighbourhood of Marylebone itself is also an inspiration; it is lively, central, accessible and easy to live in. This is what has been created in The Chilterns, interiors that can accommodate various ways of living and family structures, with a refined luxury.

As well as London’s residents, the countless visitors coming to London every day are able to participate in this vibrant, diverse atmosphere. London, a capital of culture and commerce, with the variety it has to offer in dining, theatre, music and art, is embodied in the opportunity to meet remarkable people doing great things in every walk of life.

This is all central to the art de vivre of London. The art of enjoying, which is by and large taking advantage of the great museums and exhibitions you have on your doorstep. The next stage is to incorporate this art de vivre into your living space, which is part of what has been realised at The Chilterns.

Whether it will be a primary home, or pied-à-terre, the interiors of each apartment reflect this unique environment and diversity of one of the world’s greatest cities. This has been achieved through six interior designed schemes - Timeless, The Collector, The Voyager, The Minimalist, Neo-Heritage and Connoisseur - created exclusively for The Chilterns.
Space, light, comfort. Modern living in the heart of London.

The appreciation of design, form and timeless classics.

“There will always be a desire for something new, fresh and innovative, as well as a yearning and respect for timeless elegance and beauty.”

Helena Christensen – Model
Timeless is based on a bygone era, yet still very much on vogue. It is inspired for the person with a link to past generations, a past time, but suited to today’s lifestyle. A selection of traditional elements have been blended with contemporary materials and finishes to create a comfortable, functional interior.

Sumptuous style. Perfectly considered for the way you live.
"Art enables us to find ourselves and lose ourselves at the same time."

Thomas Merton - Writer
The ultimate finish. For an uncompromising lifestyle.

The Collector is inspired by a lover of art and design. The space created allows them to showcase the beautiful and unique objects gathered over time. As well as the art and objects, the space allows for comfortable furniture, which takes advantage of the apartments' volume and functionality. It is the ideal background where one can display a collection, and also a beautiful space in which to live.
“Logic will get you from A to B. Imagination will take you everywhere.”

Albert Einstein – Physicist and Philosopher

A journey of style, place and composition.

Designed to leave an impression.
The Voyager is inspired by a well-travelled person who has sought out beautiful objects from all corners of the globe, but who also loves London and always returns. The surroundings and finishes of the apartment allow for the display and harmony of objects and interior, taking advantage of one’s collection on an everyday basis, or whenever they return from their travels.
Dine in ultimate style.
Form and function where simplicity reigns.

Less is more. For a perfectly arranged environment.

“Simplicity is the ultimate sophistication.”

Leonardo Da Vinci - Artist
The Minimalist is designed for the person who likes to surround themself with other people. It is not a question of having empty space, but an uncluttered environment where one can clear their mind and make an intellectual and spiritual connection with other people. The open space is for comfortable relationship building, rather than displaying objects. Simplicity reigns, and the limited selection is pure, every item having been chosen with discriminating taste.
Relax in the splendour of one of the greatest cities on Earth.

Neo-Heritage.
A classic design with a modern twist.

"Nothing ever becomes real 'till it is experienced."
John Keats – Poet
Neo-Heritage is for the person living with heirlooms passed down through the generations, mixed with contemporary pieces from their own time. It allows us to see the legacy of a family through the lens of a modern life. This design also centres on the idea of living with pieces with strong emotional value, linked to stories and experiences. We are not referring strictly to sentimentality, rather a connection with objects, all forming a comfortable interior and living space, ideal for entertainment.
Your own private entrance hall.

The Connoisseur Penthouse.

For those who know what they like and like what they know.

"The modern artist is working with space and time and expressing his feelings rather than illustrating."

Jackson Pollock – Artist
The Connoisseur Penthouse reception lounge.

The Connoisseur Penthouse is a mix of various points of interest and affinities synthesised into one grand interior. It is extremely contemporary yet linked to a classicism in the volumes and the connection of the two levels through the double height atrium. Not only is it the area, but the scale of rooms that is grand and comfortable allowing for real enjoyment of the space. The union of interior and exterior in this apartment provides for a true exchange between indoor and outdoor living spaces. The variety and harmony of impressions, functionality, and comfort allow the owner of this property, and their guests a variety of ways of living and entertaining.
Seventh floor living. For first class entertaining.
A masterful bathroom.
A dressing room to suit your every style.

“You are who you are when nobody’s watching.”

Stephen Fry - Writer
A private terrace. Designed to take your breath away.
For the finest wines, a temperature controlled cellar. Your very own personal screening.

As you'd expect, The Chilterns wants for nothing. Each resident has access to a private sauna, spa, gym, cinema and for the wine connoisseur, there is the opportunity to own a temperature controlled cellar.

Unique, rather special and One of One.

Communal areas.
Enjoyment at its best.

Your very own personal screening.

For the finest wines, a temperature controlled cellar.
The highest specification gymnasium.

“Lack of activity destroys the good condition of every human being”

Plato - Philosopher
The Chilterns spa. Pampering doesn’t get any better.

“True silence is the rest of the mind, and is to the spirit what sleep is to the body, nourishment and refreshment.”

William Penn - Writer
