Luxury penthouse with private tasting room, David Bailey artworks and the Chiltern Firehouse next door goes on sale for £25MILLION

This luxury penthouse boasting a cinema, on-call **personal trainer** and even a private tasting room could be yours for an eye-watering £25million.

The lavish apartment also comes with the added feature of being located next to swanky Marylebone celeb hotspot the **Chiltern Firehouse**.

The four-bedroom property, which is part of a new development called The Chilterns, also features David Bailey artworks, a sauna and an in-house chef.

But the extravagance does not stop there, with other perks including a 24-hour concierge, and an on-site gym.

However, if the price tag is a little too hefty, the neighbouring penthouse can be snapped up for a comparatively modest £12.6million.

Independent property expert, David Williams, says the apartment is likely to be bought by a foreign buyer.

"It's Chinese and Russians who have been fuelling London's top prime property market for the last few years," he told Mail Online.
